

**Hartland Conservation Commission
Agenda for March 11, 2015
7 pm, Listers' office, Damon Hall
All are welcome**

Approval of February minutes

**Report on Town Meeting: presentation to Ginny White of the
2014 Hartland Conservation Award**

**Report on Gathering of the Upper Valley Conservation
Commissions**

Follow-up on Class 4 Roads/Ancient Roads status

**Discussion of hiring a surveyor for getting a survey of the
17-Acre Wood and Sumner's Falls (any town park that does
not have a survey already). Bill Stack has provided
suggestions on how to minimize costs for this effort. This
work will support our work on these sites (for anything from
trails to invasives control) and support conservation
easement work in the future.**

**Planning for the April 4th Hartland Community Connections
breakfast that we are hosting about Sumner's Falls Town Park
and other Hartland parks.**
