Approved July 11, 2016 minutes.

Signed orders.

Old Business:

1. Dan Gottsegen spoke about public art with the idea that it might be a consideration for the green space in the new intersection. He showed us examples of public art in Vermont and other places in the country. He also explained the process and presented possible funding sources.

New Business:

1. Tammie Stammers, Hartland Constable, was here to talk about her duties as constable and where she stands with her required courses. She is busy with the animal control portion of her job and questions whether she should pursue certification at this time, other than the ability to do VINs checks.
2. Class 4 Roads and Trails Policy: Hartland does not currently have a policy. A committee involving representatives from the Planning Commission, Hartland Hill Hoppers, Winter Trails, and the Conservation Commission should be asked to be part of the committee to create a policy. Bob will contact people who might be interested.

Meeting adjourned at 7:15 p.m.
