Selectboard Meeting
Minutes

Selectmen present: Gordon Richardson, Martha McGlinn, Mary O'Brien, Matt Peeler, Joe Olmstead

Site visit: Hartland Public Library parking lot

1. The Selectboard marked with a stake a possible site for the fire pit requested by the Hartland Boy Scouts. The site is near the pump track to the right of the tree. The Selectboard agreed that it would be good to mow and level the pump track area since it is obviously completely overgrown and currently is not being used.
2. The Selectboard observed the Library parking lot to consider how to improve drainage. The area is quite flat but changing the slope of the driveway might divert water away from the parking area.
3. We also observed the exterior of the Library building. The main concerns are areas of rot on the siding and window trim and areas of the roof needing new shingles.
