Old Business:

1. Non-smoking policy for recreation areas: Rachel Williams brought samples of signage which would be posted at the designated areas. The Board agreed on green background and she will bring a sample of the actual sign.

New Business:

1. Town-owned property adjacent to Hartland Elementary School (MJ Davis lot): Rob Anderegg spoke about the 17 acre property adjacent to the school. The Board agreed to finance a survey to identify the exact boundaries. Jeff Moreno, HES principal, presented a project proposal outlining potential use by the school. The kindergarten classes are already spending one day each week in the woods. Access now is close to the playground but public access could be made from a place on the Martinsville Road. The Board gave permission to pursue these ideas and requested more details as plans proceed.

2. Health insurance: Bob presented figures for next year's health insurance plans, updated with the Town's current employees. The decision must be made to meet the November deadline from Blue Cross/Blue Shield.

3. The Board officially thanked the members of the Damon Hall committee Sherry Calkins, Kathi Perkins, June Stacey, Shelley Jerman, Bill Blodgett, Daine Bibby, Jan Hewes and co-chairs Mary O'Brien and Martha McGlinn, and all those who helped with the Damon Hall Centennial Celebration held on September 26 and 27, 2015.
